

# Physician Block Fee Program: Hazelton Place Retirement Centre

---

Each year the Ministry of Health and Long-term Care delists a number of medical services – Services for which they will no longer reimburse doctors. This saves the government money as it offloads the costs of these services directly to patients. This forces Ontario physicians to charge patients directly for services for which they previously did not have to pay. Examples of common delisted services include: Telephone or fax prescription renewals; insurance forms and certificates; tax disability forms; travel forms; bank forms; legal documents and the transfer of medical records.

My patients that enrol in the BLOCK FEE find it very convenient. It is a simple way to pay once-yearly for uninsured charges that may arise.

Unlike the BLOCK FEE that I offer in my medical office, the Hazelton BLOCK FEE covers ALL non-OHIP charges for the entire year. Moreover, with subscription to the block fee, Hazelton residents and their families are provided with my personal EMAIL address to allow direct contact – thus improving communication and the sharing of medical information.

Have a look at the information provided to you in this package. It outlines the cost of individual services and BLOCK FEE coverage. Your subscription is completely voluntary and your medical care will not suffer should you choose to continue to pay for non-insured services on an ad hoc basis. Hazelton Place Retirement Centre does not administer nor oversee this program. However, your personal extended health insurance benefits may reimburse you for its cost.

Take a moment to consider enrolling in this BLOCK FEE program.

Please complete the attached form and return it to Dr. Jason Baker. A receipt will be issued to you for Tax and Insurance purposes. HST must be added to all charges.

Thank you for your time and consideration.

A handwritten signature in black ink, appearing to be 'J. Baker', with a long horizontal line extending to the right.

Dr. Jason B. Baker MD
